ॐ गं गणपतये नमः

May lord Ganesha give you immense strength to make your lives worthy and peaceful.

It's been almost the end of the former Educational session at Som-Lalit. I must say it went by in a matter of quick advancement. As the most active and important individuals of our organisation, I'd like to extend a warm and sincere gratitude to all of you. Your toil is the key to an effortless functioning of our school. Hence, this year's start has been equally remarkable. In accordance to this, I'll strongly advise my disciples to never leave the path of their existing Educational excursion as it will be a complicated task initially but your hard work will open up endless horizons for unparallel futuristic opportunities. A profound inculcation of self-confidence and self-worth will bring you closer to your dream goals with the ups and downs of your booming career.

We pledge to provide each one of you a result-oriented environment that in turn will boost your inner urge to perform and strive to be scholars. We at Som-Lalit provide a complete liberty to our students to try their skills and embrace success as well as failures with great maturity and yet find oneself to be worthy of a high performance again. We are proud to rear the crowd that has given us varied reasons to work harder in providing them a better surrounding always for a beaming and victorious future.

FROM THE VICE PRINCIPAL'S DESK

Let us pave way to the new academic year with great fervour and supposition for achieving towering standards in the field of academics and other essential skills.

"Education awakens the power and beauty that lies within us". Education does not only mean academic excellence it rather is a harmonious and synchronised combination of mind, body and soul. In present era of E-world, it is the biggest challenge before educators, school and parents to nurture the young minds with indelible impressions of a holistic education.

Therefore, I strongly believe in a vision to foster different facets of a student in order to see him/her developing as a vibrant student, responsible citizen and above all a generous and sentient human being. Our pedagogy is child centric with emphasis on overall growth and development of our students.

Notwithstanding the challenges to develop altruistic human beings with raised standard of intellect, let us become equal stake holders in moulding our children into desirable individuals.

"If we sow good thoughts in our minds, we reap good actions, good actions result in good habits and habits when formed pave a way for good character."

Our good character is the foundation of our personality and destiny. So my message to my students is to set new goals, well in advance for future, plan the targets to be achieved as Vivekanand has rightly said, "Arise, Awake and stop not till the goal is achieved."

-DR. PALAK SHAH

CONTESTS EXECUTED UNDER THE EXTERNAL BANNERS

Byju's Quiz Competition

A test that took place at our school for the students to excel in their development of knowledge. It was worth picking one's brains and in turn flourish with boundless achievements.

DOODLE FOR GOOGLE - 2019

Doodling has been a fun filled activity for students nowadays. Doodling for the google logo was a major chance for children to display their art work on a greater level.

Maruti Competition 2019

An art competition always helps the kids to groom their flair. It was a highly involving. Maruti Art Competition is a National Level Competition that encouraged the designers to try their creative hand.

Rangotsava

Art has a great impact and is the most positive way of exhibiting ones skills. The recent Rangotsava Drawing contest had brimming participation and art depictions by our budding artists.

Navneet Drawing Competition

An illustration championship submitted by Navneet at our alma mater brought a gust of participation and showered sublime benefits to our students sooner.

CONTESTS EXECUTED WITHIN THE SCHOOL

DRAMATICS COMPETITION

Theatrics at school level gives students a feeling of enthusiasm and dramaturgy. The novel idea of this activity made it so fun loving and modernistic for students and teachers.

19TH JULY 2019

Fancy Dress Celebration

The Best apparel celebration left us all stunned and amused. The great number of students who participated added a colourful surrounding and made this an amazing day to cherish.

Additional Pursuits Held At Our School Sadbhav News Coverage

The Sadbhav seminar that was organized and broadcasted on a local news channel appreciated our school for supporting and stimulating the urge of learning a primeval language 'Sanskrit'.

Poetry Recitation

Reciting poetry in an exclusive manner made each child different from the other. The individual presentations covered all the criterias for an impressive demonstration.

Yoga For Teachers

As we know, Health is wealth, in this event our teachers were engrossed in meditational and peaceful yoga activity. They enthusiastically stretched and performed different asans to mould a mentality towards healthy living.

Operation She 181

In this duty-bound event our law-abiding and reputable inspectors came to our school and unveiled the importance of self-defense and even trained our teenage students for whom these techniques are mandatory for self-protection.

Nature's Workshop

A walk in nature always enlightens our mood and in this workshop it was all about loving nature and utilising the natural products and foods that boost our resistance power and be stronger in turn from an early age.

"The way to get started is to quit talking and begin doing" - Walt Disney

CERTIFICATIONS FOR EXTERIOR CHALLENGES

Bruhad Gujarat Sanskrit Exams

Ancient languages always add an extra scholarly touch. Our students proved it by standing out in the recent Bruhad Gujarat Sanskrit Exams.

Music Competition

Music knows no boundaries and hence does the expression of it. Our kids were acknowledged for their melodious performances at a recent music competition.

Byju's Quiz Competition

Byju's quiz was indeed a learning experience for the students. An impromptu attempt of such tests let us learn different questions and lead us to thinking.

Science Exhibition Competition

Scientific know-how of our students got them closer to their scientific knowledge. They presented models and experiments that gave them good appreciation.

DAYS OF SPREE AND JOVIALITY- PRIMARY GRADE

Field Trip to ISRO

Educational expeditions always make younger days at school elated and perky. Visit to a Space Station in our city gave our students an everlasting skills and prudence.

Class Presentation

Dealing with one's fears and embracing tremendous belief in oneself our mini sophomores exposed their oratory skills and emboldened their fellow mates to present their talents.

Counseling Session For Grade 1st

Every parent needs a support and backing when their ward ascends to a higher level of grade. A counselling session for the guardians was conducted to acquaint them about our school's modus operandi, it's regulations and everything else that needs their valuable attention.

Take a stand for the love of Green. Recycling, Reducing and Reusing. The three Rs are the core for pulling our planet back to its base Avatar and in turn give us a distinguished and superior place to live. The get green celebration was supported by our students, teachers and other high ranked officials. Corridor rallies, slogan chanting, chart displays made the event positively vibrant

Guru Purnima

Love, Respect and Honour was showered on this day by a small event comprising of dedicated traditional dance, speeches our gurus and Quotes that made the students completely engrossed in the tasks assigned to them.

Vidhya Deep Celebration 2019

"A good teacher can inspire hope, ignite the imagination, and instill a love of learning" – Brad Henry. The recent Teacher's day celebration was an A-1 event that gave the students an opportunity to pay back to their disciplinarians.

INDEPENDENCE DAY CELEBRATION

With regard to this glorious day we administered a marvellous ceremony that was indeed pleasing. The students accomplished dances, songs, speeches radiating patriotism and flag-waving spirits among themselves and making this occurrence momentous.

Tree Plantation

Plants were implanted in our school premises promoting Love for Mother Nature and its conservation and safe guarding. The feeling of Earth Protection emerged in students, mentors and functionaries.

Respect for Helpers

In our Indian culture respecting others is the chief virtue. In this modernistic times dignifying the attendants is washing away. But at our organisation we established an event that brought a smile on their faces and paid regards by a thank you card.

World Yoga Day

Staying fit and healthy is the current trend-setter for Everyone. Yoga has no age bar and hence supporting this form of calisthenics we systematized Yoga sessions for our disciples. It was certainly a prodigious

Teacher's Interaction

With a brand new academic beginning initiated with a reciprocal action among teachers. Sharing of innovative ideas and cherishing their individual experiences taught something fresh to each one.

DAYS OF SPREE AND JOVIALITY- PRE-PRIMARY GRADE

Aqua Blue Day

Let the Blue sky meet the blue sea and all is blue for a time. On this day the children spoke about the importance of water and its preservation.

Colouring Competition

Kids exhibited their creativity by colouring different floral pictures. It gave them a good early start and they used a good colour scheme.

Field Trip Nursery

Field trips are opportunities to go with friends and a break for kids to learn and have fun. They learn new things from the general classroom routine.

Friendship Day

"A sweet friendship refreshes the soul". Just as the word means togetherness, the same way friendship day was celebrated with great fervour and enthusiasm.

Janmashtami Celebration

Kids celebrated janmashtami to show the importance of lord krishna's birth. Kids were dressed as Radhas and boys were dressed as Krishnas.

Ganesh Chaturthi Celebration

Ganesh chaturthi was celebrated with great zeal in our school. Kids of primary and pre primary section performed dance, speech to show the birth of Ganesh.

Grandparents Day celebration

Grandparents day was celebrated with excessive craze at our school. The celebration was indeed fun loving for the grandparents. They were also given a token of love by the school.

Independence Day

Independence Day celebration filled the school and the minds of the kids with a feeling of patriotism. The day acknowledged the heroes and their lives in the name of our nation and freedom.

Rainbow day

A rainbow is an arc of colour in the sky that can be seen when the sun shines through falling rain. The kids spoke a few lines about the rainbow and its colours.

Go Green Day

Greener is what looks green. The tiny tots of our school not only looked green by choosing the costumes but also displayed the slogans on Go Green.

Rakhi Making & Celebration

This is a festival that celebrates the bond between a brother and a sister. Girls tied rakhis to the boys' wrists and boys exchanged the token of love with each other.

KHELMAHAKUMBH -THE SPORTS COMBAT

Our Stars !

Like every year this year too it was a stunning sports performance by our athletic scholars. The khel mahakumbh is an exceptional exposure for students to explore and bring forth their gaming skills. Throughout the combat our kids didn't lose any strength and laid a strong example of being awarded until you touch the path of success. The captures of the competition and their proud poses makes us vain. Congratulations to our stars!

Tug of War Girls

School game Under 19 Tug of War Girls Champion In Ahmedabad District Level. And Our 5 Students are selected for State level

Khel Mahakumbh

Our sports scholars in girls have proved to be an amazing team again this year as well for kho- kho under 19 girls game. With a dedicated support and hard work of their coach Kelvin Sir, the sports girls have been acknowledged and appreciated with great enthusiasm. Kudos Girls!

The proud participants posed for the KHEL MAHAKUMBH involvement and achievements. The right coach makes the right sportsman. Kudos to all the coach and winners and best wishes for their further endeavours.

Kho Kho girls under 14 & 17

In Khel Mahakumbh 2019 Kho Kho girls under 14 champion in district level and all are selected for Stat level and girls under 17 runners up in district level and all are selected for State-level

CHANDRAYAAN 2

Expanding the boundaries of human knowledge

What Is Chandrayaan - 2?

Chandrayaan-2 is the successor of Chandrayaan 1 which is set to the outer space to understand the lunar patterns and send viable information back to earth. The launch took place

on 22nd July, at Sriharikota. If it lands safely on its predicted date in September, Chandrayaan-2 will be the first of its kind in the southern pole of the moon and India will be the first country to have accomplished such feat. ISRO will truly have a historical achievement to its name.

The satellite weighs 3447.kg and carries a suite of 14 experiments, distributed among the orbiter, the lander, and the rover. These three elements are meant to establish communication with each other and the ISRO HQ.

Chandrayaan-2 knowledge for Kids

Chandrayaan-2 will be the first mission to land a lunar rover near the moon's southern pole

The aim of Chandrayaan-2 is to discover the moon's southern region,

map the entire area and also look for in case of any presence of lunar water

India will be the fourth country to soft-land on the moon, joining the league of the U.S.A, Russia, and China

However, the Chandrayaan-2 need to land safely for this mission to be a success. The part just before the landing when the lander separates from the main body and soft lands will decide whether the mission is successful or not. The Chandrayaan-2 lunar rover is known as Pragyan, weighs 27 kg and works on solar power. It has 6 wheels and upon a successful landing, will cover a distance of 400m on the moon

Similarly, Chandrayaan-2 lunar lander which will help the entire vehicle to land safely

Chandrayaan-2's land orbiter will

be the main part that will gather information while it is 100 km above the moon's surface. The orbiter was made by Hindustan Aeronautics Limited (HAL)

The entire mission will be for 14 Earth days or 1 lunar day. Chandrayaan-2 will cover 400m on the moon surface with speed of 1cm/sec

Why is Chandrayaan-2 so important?

India will be the first country to have achieved such historic success in the global aerospace industry

It will help us understand the potential presence of lunar water ice on the surface

It will also open up a series of possibilities about the state of the moon and its atmosphere

SUPPLIES NEEDED FOR SALT, GLUE AND WATERCOLOR ART:

DIRECTIONS:

- 1] First you'll squeeze your glue designs onto your card stock paper. We opted for jellyfish because it's one of my son's favorite things to draw and they're easy! You don't have to do a jellyfish like we did. Use your imagination! After we finished our jellyfish, we ending up drawing stars for starfish, some sharks, and turtles.
- 2] Sprinkle your design with salt until it is covered and then shake the excess salt off.
- 3] If you don't have liquid watercolor paints for this step, then you can use food coloring. Take some plastic cups filled with some water and place a few drops of food coloring into each cup. We used the neon food coloring in this particular project. You'll then dip your paintbrush into the paint and gently touch the salt covered glue lines and magically watch the paint travel and mix colors.
- 4] If you'd like, a medicine dropper or a pipette would work well for this activity too. Once you're finished painting you can set it aside to dry for a day or two.
- 5] Once dry, display your new works of art!
